---

The question is no longer, Shall I insure my life? but, Where is it to my advantage to insure?

The Knickerbocker is mutual, because profits are divided among the assured.

It issues every desirable form of Policy, (on the non-forfeiting system).

It allows the insured to travel and reside in any portion of the United States and Europe, at any and all seasons of the year, without extra charge.

Its Policies dispense with almost all restrictions on occupation.

Its rates of Premiums are as low as any Company can offer and do a thoroughly safe business.

It is most liberal in favoring Policy holders in payment of their premiums.

Its dividends are made ANNUALLY, and available IMMEDIATELY AS CASH, in payment of premiums.

Its stability is beyond question, the Assets amounting to more than SEVEN MILLION DOLLARS.

ITS LOSSES ARE LIBERALLY AND PROMPTLY PAID.

*For full information as to the different kinds of policies, and the best methods of life insurance, ADDRESS A NOTE AS ABOVE.*

# L. L. CLARKE,

## Merchant Tailor,

202 COURT STREET, opposite DOUGLASS.

It will be my pleasure to attend personally to all orders; and, with the finest materials and the choicest patterns of Foreign and Domestic Goods, I hope not only to retain the patronage bestowed, but to gain new favors.

An ability to control excellent workmen warrants me in guaranteeing all orders to meet with full approbation.

It is apparent that I can make garments cheaper than those who include in their charges enormous rents, locality and a pretended name. I shall sell good work, cheap. Clothes are not necessarily better because they are made on Broadway.

**Mercantile Mutual (Marine) Insurance Company,**

No. 35 WALL STREET, NEW YORK.

Capital - - - - \$1,000,000 | Assets, - - - - \$1,500,000

This Company takes Marine and Inland Navigation Risks on Merchandise, Freight, and Hulls of Vessels. On the payment of premiums a Rebate or Discount on the current rates is made IN CASH, as an equivalent for the Scrip Dividends of a Mutual Company. The amount of such Rebate being fixed according to the character of the business, gives to dealers a more just apportionment of profits than by the mutual system; and being MADE IN CASH, on payment of the Premiums, is more than equivalent to the CASH VALUE of the average Scrip Dividends of Mutual companies.

Policies issued, making loss payable in Gold in this City, or in Sterling at the Office of the Company's Bankers in Liverpool, if desired.
